To Whom It May Concern,

Re: Free Prescription Contraception

On behalf of Comox Council, I am writing to you to express our support for the BC government to adopt a policy where no-cost contraception is universally available to all residents.

Our hope is that a new policy will include all forms of prescription contraception, and ensure that, should new prescription contraceptives become available, these are also covered under this policy and available to all British Columbians.

Respectfully,

Russ Arnott
Mayor
